Uses

Restores intestinal function in those patients suffering from IBS that may be related to intestinal hypersensitivity or the intake of some drugs, to relieve and prevent symptoms such as of chronic or relapsing diarrhoea, abdominal distension, pain, bloating and flatulence.

Format and Ingredients

Capsule

Dosage

18 years and over: 1 or 2 capsules, depending on the severity of the symptoms, twice a day (in the morning before breakfast and in the evening before dinner). For maximum benefit should be used for 2 weeks. The treatment can be maintained if needed.
