## Dosage

Adults and children over 1 year: As an emollient: apply to the dry skin areas as often as required. Smooth gently into the skin following direction of the hair growth. As a bath additive: melt about 4g in hot water in a suitable container then add to the bath ensuring that the water has sufficiently cooled before getting in. As a soap substitute: take a small amount of the ointment and lather it under warm water and use as required when washing or in the shower. Pat skin dry.
