£16.99

Legal Status

MD

Clinically proven to treat verrucas and warts on hands and feet.

Treatment pen containing:

TCA-Active based on Trichloroacetic Acid,

Apply one blue drop (one click) of treatment gel strictly on the verruca or wart. If one drop does not cover the entire verruca or wart, apply another drop of gel. Let the gel dry for 10-15 minutes before putting on socks, shoes or gloves. Repeat treatment twice a day for 4 days. For children with small verrucas or warts apply the gel once a day. Visible results should be seen in one week.
